COMPANY PROFILE

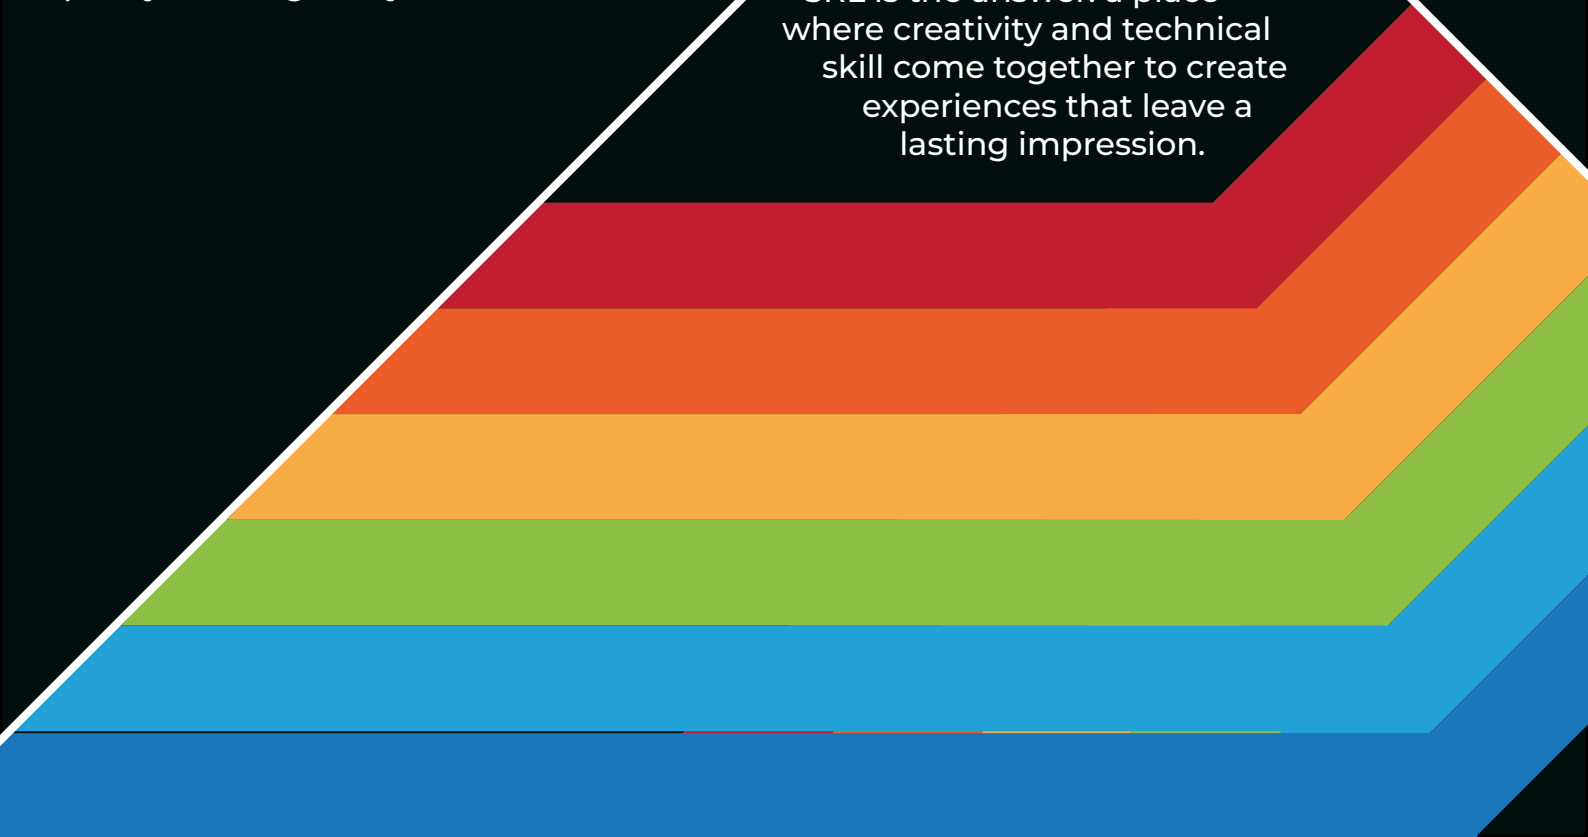

INTRODUCTION

CREATIVO SRL is a multidisciplinary innovation and design studio that transforms ideas into experiences. From product design to immersive environments, from museum exhibition design to the enhancement of monuments, from interior design to packaging, we guide companies, institutions and professionals through every stage of the creative process.

Our mission is to give shape to unique visions by integrating aesthetics, functionality, and storytelling. Every project begins with attentive listening, grows through research, and comes to life through tailored solutions that combine advanced technologies, artisanal care, and artistic sensitivity.

With a diverse team of designers, project developers, art directors and creatives, CREATIVO SRL acts as a strategic partner capable of interpreting identities, spaces and goals, turning them into concrete and engaging projects. From small businesses to major cultural institutions, we offer an integrated approach that spans from concept design to production, ensuring coherence, quality and originality.

For those seeking vision, expertise, and a touch of wonder, CREATIVO SRL is the answer: a place where creativity and technical skill come together to create experiences that leave a lasting impression.

VISION

We aim to create projects that merge creativity, technology, and storytelling, transforming every space and every product into a meaningful experience. Our vision is to make design a language capable of inspiring emotion, fostering engagement, and giving lasting value to our clients' ideas.

MISSION

We promote culture and art through engaging projects that combine creativity and visual clarity. We transform our clients' ideas into immersive experiences that communicate, inspire, and make art accessible to a wider audience.

VALUES

We are driven by creativity, innovation, and quality—values that guide every design decision. We believe in respect, responsibility, and genuine collaboration, creating projects that put people and the meaning of experiences at the center. Every project we undertake is born from a commitment to generate real and lasting value.

WORKFLOW

The dedicated **CREATIVO** team begins every project with a planned workflow and schedule.

1

Content Planning

We plan the project content to establish a clear path for the subsequent phases.

2

Concept & Visual Design

The concept and visual design process is one of the most crucial stages for a project's success.

3

Technical & 3D Drawings

In this phase, we create a detailed vision of how the project will look, be scaled, function, and be constructed.

4

Production

Creativo's years of experience and expertise ensure that all productions are crafted with artisanal care.

5

Construction / Installation

The construction and installation phase is essential to deliver projects perfectly.

6

Management Consulting

We understand how critical project management is to ensure sustainable progress and ultimate success.
